Respecting one another

Dear Parents/ Carers

This week we have been focusing on the value of Respect both in valuing others thoughts, views, beliefs and opinions as well as looking up to people for their particular skills and talents.

This week the learning through the school has been intergalactic, with Victory jetting off to the moon, other classes writing about space and Tilly in Year 6 even producing a music video about space!

This week there have been lots of letters going out about events coming up. Please could you return any slips which need to be sent back as soon as possible. On Monday it is our make and bake afternoon which we hope

I hope you have a lovely weekend

We say no to Bullying

This week has seen the interviews for anti-bullying ambassadors take place and a huge number of applications received. During the interviews it was very apparent that each and every person had something to bring to the role and the decision was made to incorporate all of the good ideas. Training for the new recruits will take place leading up to Christmas and at the beginning of the new year so they can perform their role in January.

Congratulations to our new anti-bullying ambassadors.
